*To Azrahil of Umbar,*

*Your letter is greatly appreciated here at Dol Arandur. Thank you for informing me of my husband's condition. You are right: he is strong, and he will come back from this setback. But please, do keep me informed about his condition. How has he fared in the days since the severe poisoning? Has he regained consciousness?*

*To my knowledge, there are no plans to attack the island since this has happened. We realize that such an open show of force would be detrimental to our cause. Were something to happen internally... Ah, but this is for some other time. My husband has spoken highly of you and your wisdom. You are not blind; you can tell the difference between a ripe and unripe pomegranate.*

*I look forward to your next letter.*
